2 The proposal to open is deposits and the amount of grant asked is very large. On what class of works, the amount will be spent it has not been made clear. The report of the Mukty practically means that Govt should give a grant-in-aid of it tory year of about Rs 5000/- for the next 5 years. Such special treatment may as noticed by the D.C. lead to an inconvenient precedent being created ~~if the Mukty commands locally~~ The Mukty should also be required to contribute towards its improvement.

3 The matter may again be ~~sup~~ opined by the rel d and deputy proposal of the improvements proposed, the extent to which they are alle to finance, the ways and means by which they propose to find a share of the cost etc may be obtained from them.

the Maharaja of Mysore, Revenue Department,

S i r,

With reference to your No 12310 dated 26th March 1919, calling for my recommendation after consulting the Municipal Council of Kunigal regarding the special grant for the improvement of Kunigal Town, I have the honour to state that the Municipal Council have resolved, at a meeting held on 31st May 1919, to request the Government for the grant of Rs.30,000 in one lump sum or by instalments for a period of six years.

2 I am inclined to think that it would lead to an inconvenient precedent to give grants from the Government to the Municipalities for general improvements unless it be for special improvements - even in such cases such a large amount as Rs.30,000 cannot be sanctioned

3, If the municipality shows ways and means to repay the amount, a loan of Rs.30,000 may be given to the Municipality for effecting the improvements to Kunigal Town

I have the honour to be,
